

## NIFTY MINI BOX REUSE CRAFT PROJECT

- 1) Using scissors cut out the top, bottom and sides.
- 2) Score and fold each piece along the dotted lines.
- 3) Tape each piece together where the ends meet up.
- 4) Slide the side piece over the bottom and tape them together along the edges.
- 5) Fit the top onto the sides and voila - you've got a nifty box!
